WELCOME TO BERLIN

Berlin's combo of glamour and grit is bound to mesmerise all those keen to explore its vibrant culture, cutting-edge architecture, fabulous food, intense parties and tangible history.

Bismarck and Marx, Einstein and Hitler, JFK and Bowie, they've all shaped – and been shaped by – Berlin, whose richly textured history confronts you at every turn. This is a city that staged a revolution, was headquartered by Nazis, bombed to bits, divided in two and finally reunited – and that was just in the 20th century!

Walk along remnants of the Berlin Wall, marvel at the splendour of a Prussian palace, visit Checkpoint Charlie or stand in the very room where the Holocaust was planned. Berlin is like an endlessly fascinating 3D textbook where the past is very much present wherever you go.
